### UX/UI DESIGN EXPERTISE:

- Figma Mastery, advanced proficiency in Figma for end-to-end UX/UI design
- Appealing UI Creation, designing visually appealing and user-friendly interfaces
- User-centric designs, skilled in crafting interfaces that enhance usability and engagement.
- Proficiency in Design Tools such as Adobe Creative Suite (Photoshop, Illustrator, After Effects), Figma, and Inkscape

### PROFESSIONAL JOURNEY:

- Experience: Extensive experience across diverse organizations.
- Delivery: Successful delivery of clean, functional code.
- Collaboration: Eager to contribute and collaborate on impactful projects.

## Employment History

### Freelancer, Antonio Guiotto, Italy

August 2023 — Present

I offer various services related to web development, my mission is to improve the UI/UX of online business through my visual expertise and my technical engineering skills developed through years of experience working for various international companies.

Key aspects of the work accomplished during this time:

- Creating WordPress websites for businesses with multiple custom features
- Various UX/UI improvements with high attention to details

- Understanding Client requirements and matching appropriate styles and functionalities
- Creating commissioned 2D and 3D animations with ThreeJS and web browser Canvas.

### **Software Engineer, Ovalx, Turin**

April 2022 — February 2023

- Creating modern and secure web applications with React Typescript.
- Created new features for preexisting onboarding websites, namely a Profile panel, where you can edit the account, switching accounts, edit nicknames, edit email preferences, edit privacy settings, and more.
- Project Management: owned the project, updating public board about project status weekly.
- Daily Scrum: Taking part of daily scrum, updating on current status, updating on blockers.
- Multiple CI/CD pipelines per environment with Bitbucket and Gitlab.
- AWS extended knowledge.
- Utilized JIRA and Confluence for project management and documentation in an Agile team setup.
- Collaborated with designers and QA team to ensure high-quality deliverables.
- Implemented and maintained project management processes, contributing to high-quality code production for new projects.
- Technology used were: React, Typescript, Webpack, ESLint, Babel, yarn, GIT, npm, shell scripting, SASS & more.

Keywords: React, Typescript, SASS, NodeJs

### **Front End Developer, Sky, Remote Working**

February 2020 — August 2021

- Developed and maintained NOWTV application software running on Console (Opera Browser).
- Created new features tailored to Italian market.
- Acquired experience in video streaming techniques.
- Utilized management of issues based on priority (Waterfall).
- Collaborated with Automation Test team to ensure high-quality deliverables.
- Technology used were: React (Classes), Webpack, Redux, ESLint, Babel, yarn, GIT, npm, shell scripting, SASS & more, OIPF Video Standard.

Keywords: NOWTV, Redux, ReactJS, Video Player (OIPF 2.0).

### **Web Development Teacher, ForAction, Bassano del Grappa**

May 2020 — June 2020

Teaching online to approx 20 students about web development fundamentals in online classes.

- Confidence and ability to explain concepts to students.
- Openness to questions and troubleshooting.
- Good practical examples on the fly, entertaining explanations.

Keywords: HTML, CSS, Javascript

### **Front End Developer, RED software systems, Milano**

December 2018 — January 2020

- Building e-commerces with PolymerJs.
- Built e-commerce front-end platforms using Polymer, following an Agile workflow.
- High focus on quality of code, strict procedures.
- Working with pure javascript, creation of internal modules, design systems.
- Monorepo for multiple businesses.
- Styling with SASS
- Backcompatibility checks, extra accessibility.
- Great team work, very strict quality control on the code, high-quality solutions, very formative experience.

Keywords: Web Components, PolimerJS, Gitlab, Jira, Agile, Javascript, Functional Programming, High code standards, SASS, Java (Back-end).
